Access International to Announce Record Revenues on Earnings Call Third Quarter 2009 Earnings Release Conference Call on November 13th

DALLAS – November 6, 2009 -- [Access International Inc.](#) (OTCBB: AXSI), a leader in automated wireless identification, tracking and sensing solutions, announced today that it will release third quarter earnings results after the market closes on November 12, 2009. Access' management will conduct a conference call on Friday, November 13, 2009, at 12:00 PM Eastern Time to discuss the financial and operating performance for the reporting period.

The Company's universal Wireless Credentials not only provide businesses high speed access control to enter facilities, but also uniquely deliver visibility into the location and status of their labor and assets inside their operations. Wireless credentials enable numerous applications to have proven to provide near immediate returns for customers as part of the rapidly growing \$9 billion worldwide market for access control systems.

Access' Dot™ Wireless Credentials were recently used to provide internal security to help protect President Obama during his April visit to Trinidad for the [5th Summit of the Americas Conference](#). Other applications include: automated visitor tracking, automatic time and attendance data collection, automatic asset protection, emergency evacuation accounting, real-time personnel performance measurement, automatic compliance reporting, labor-asset process automation and business intelligence data delivery.

Access' President and CEO, Allan Griebenow will discuss the results of the quarter, the new licensing and partner agreement announced with HID Global and the Company's recent investment round.

To participate in the call, domestic callers can dial (888) 713-4213 and international callers can dial (617) 213-4865 and enter the reservation code "95282225." Participants should dial into the call about 10 minutes prior to the start time. For those unable to attend the live conference call, a replay will be available by dialing (888) 286-8010 for domestic callers and (617) 801-6888 for international callers and entering the replay code "56556313." The replay will be available for one month beginning approximately two hours after the end of the call. There is no charge for participants to access the live event or replay. The conference call and replay dial-in information is also available on Access' Web site at www.axcessinc.com.

About Access International Inc.

Access International Inc. (OTCBB: AXSI) provides intelligent Wireless Credentials for business encompassing local location identification, tracking and control capabilities using its patented [MicroWireless™ technology](#) platform. The complete system solutions supersede existing manual personnel badges by automating various workforce management tasks that increase productivity, security, safety and business intelligence. Real-time data from labor activities also enable previously unattainable business intelligence and analytics initiatives. MicroWireless – based on active RFID principles – is the economic and technological sweet spot for autonomously-powered low cost, miniature, remote communication devices. Access is a portfolio company of [Amphion Innovations plc](#) (AIM: AMP). For more information on Access, visit www.axcessinc.com.
