Access International to Announce Record Revenues on Earnings Call 2009 Earnings Release Conference Call on February 26th

DALLAS – February 19, 2010 -- [International Inc.](#) (OTCBB: AXSI), a leader in local area wireless identification and sensing solutions, announced today that it will release year end 2009 earnings results after the market closes on February 25, 2010. Access' management will conduct a conference call on Friday, February 26, 2010, at 12:00 PM Eastern Time to discuss the financial and operating performance for the reporting period.

The Company's Dot Wireless deliver visibility into the location and status of their labor and assets inside their operations for improved security, safety and productivity. Wireless credentials enable numerous applications proven to provide near immediate returns for customers, leveraging the \$9 billion worldwide market for access control systems.

Access' Wireless Credentials were recently used to provide internal security to help protect President Obama during his 2009 visit to Trinidad for the [Summit of the Americas](#). Late last year the Company announced a unique licensing agreement with HID Global to make the Dot credentials work with existing 26-bit access control infrastructures residing in the majority of enterprise facilities worldwide. Designed to take current access control badges beyond their manual door control limitations, the added value internal applications include: automated visitor tracking, automatic time and attendance data collection, automatic asset protection, emergency evacuation accounting, real-time personnel performance measurement, automatic compliance reporting, labor-asset process automation and business intelligence data delivery.

Access' President and CEO, Allan Griebenow will discuss the results of the fourth quarter and year end, the new licensing and partner agreement announced with HID Global and the Company's recent investment round.

To participate in the call, domestic callers can dial (888) 679-8035 and international callers can dial (617) 213-4848 and enter the reservation code "55406433." Participants should dial into the call about 10 minutes prior to the start time. For those unable to attend the live conference call, a replay will be available by dialing (888) 286-8010 for domestic callers and (617) 801-6888 for international callers and entering the replay code "65622942." The replay will be available until April 15, 2010 beginning approximately two hours after the end of the call. There is no charge for participants to access the live event or replay. The conference call and replay dial-in information is also available on Access' Web site at www.axcessinc.com.

About Access International Inc.

Access International Inc. (OTCBB: AXSI) provides intelligent Wireless Credentials for real-time business activity monitoring encompassing local location identification, sensing and control capabilities using its patented platform. The complete system solutions supersede existing manual personnel badges by automating tasks that increase productivity, security, safety and business intelligence. MicroWireless – based on active RFID principles – is the economic and technological sweet spot for autonomously-powered low cost, miniature, remote communication devices around the local enterprise. Access is a portfolio company of [Innovations](#) (AIM: AMP). For more information on Access, visit [.axcessinc.](http://www.axcessinc.com)
